RE: Public Records Act Request No. 474

Dear Mr. Sinyangwe:

This is a follow-up to the City's letter to you regarding your request.

In accordance with the California Public Records Act (Government Code Section 6250 et seq.) (the "Act"), the City has complied with your request to the extent that your request seeks reasonably identifiable public records maintained by the City which are subject to disclosure under the provisions of the Act.

The City's various departments have reviewed the records responsive to your request which are subject to disclosure under the provisions of the Act, and it has been represented to the City Manager's office that due diligence has been performed by the City departments and all records applicable to your request are being provided. You will notice that certain information has been redacted pursuant to Government Code section 6255 based upon the City Attorney's determination that, with respect to such information, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosure of the information.

The initial records provided in this response currently consist of nine case files out of eleven, which are being provided via compact disc. The other two case files are still under review. Should additional information be requested, such as supplemental photos/audio recordings, please provide a written request to this office for response. If you have any questions regarding the information above, please contact our office.

Should you encounter any difficulties receiving the files, the entirety of your request will also be retrievable through a search using your request number, 474. To do so, you're welcome to visit www.cityofredlands.org/recordsrequest and perform a search using your records request number, then click the "submit" button. All files will be viewable and downloadable.

Sincerely

Jimmy Nguyen
Senior Administrative Analyst

cc: Daniel J. McHugh, City Attorney
